CAREER OBJECTIVE

Results-driven Full-Stack Developer with **7+ years of experience** specializing in **React.js, JavaScript, and .NET technologies**. Passionate about building **scalable, high-performance web applications** with a strong focus on **user experience, state management, API integration, and responsive design**. Seeking a challenging role to leverage my **frontend expertise and .NET knowledge** to drive business innovation.

PROFESSIONAL SUMMARY

- **7+ years of experience** in web development, focusing on **React, JavaScript (ES6+), HTML, CSS, and .NET**.
- Proficient in **React Hooks, Redux, and state management** for creating dynamic and interactive user interfaces.
- Integrated **REST APIs** and optimized React components to improve app **performance by 30%**.
- Applied responsive design with **Tailwind CSS**, ensuring **100%** mobile compatibility.
- Experienced in **Git, Azure DevOps (CI/CD pipelines), Docker, and Agile** methodologies (SCRUM, JIRA).
- Strong collaboration with **cross-functional teams and backend** developers to deliver secure, scalable solutions.
- Delivered **MVPs and fast UI prototypes**, collaborating with cross-functional teams to validate design ideas and accelerate product delivery.

WORK EXPERIENCE**Tata Consultancy Services (TCS) | Jul 2022 – Present****Role: Front-End Developer (React & .NET)**

- Developed **dynamic, scalable, and responsive React.js applications** for a banking website.
- Implemented **conditional content rendering** based on backend boolean values, ensuring seamless **feature toggling** without deployments.
- Took **complete ownership of key React modules** from architecture to deployment, contributing to long-term scalability and UI maintainability.
- **Mentored junior developers** and collaborated closely with **designers** and backend engineers to ensure cohesive UI/UX implementation.
- Delivered rapid **UI prototypes and MVPs** to validate feature workflows, accelerating design feedback cycles.
- Ensured **cross-browser compatibility** and implemented responsive designs using **Tailwind CSS**.
- Enforced robust **.NET Core APIs** for user authentication and authorization, securing sensitive data and preventing unauthorized access attempts; reduced vulnerability risk by 15%.
- Deployed and managed applications using **Azure DevOps (CI/CD pipelines)** and **Docker containers**.
- Utilized **Git for version control** and **JIRA for Agile development tracking**.

Infosys Limited | Sep 2021 – Aug 2022**Role: Web Tester**

- Performed **UI and functional testing** for web applications to ensure responsiveness and performance.
- Conducted **cross-browser testing** to identify and resolve compatibility issues.
- Executed **manual and automated test cases** to verify application functionality.
- Collaborated with developers to identify and fix **bugs, inconsistencies, and UI issues**.

- Used **Chrome DevTools and debugging tools** to analyze performance and optimize UI behavior.
- Wrote and maintained **test cases and documentation** for Agile development sprints.

Accenture | Oct 2019 – Aug 2021

Role: Front-End Developer (JavaScript)

- Designed and developed **React-based telecom applications** with streamlined performance.
- Worked on **state management using Redux** to handle complex UI interactions.
- Built reusable **React components and hooks** to improve application efficiency.
- Implemented **SEO best practices and performance optimization techniques**.
- Developed an internal **production tracking application** using **C# and SQL Server**.
- Contributed to **team leadership** efforts by guiding UI design choices and providing code reviews to maintain consistency and improve code quality.

NAS Limited | Jul 2017 – Jun 2019

Role: Web Developer (CRM & UI Development)

- Customized and developed **CRM dashboards** for sales tracking and reporting.
- Automated CRM processes using **custom JavaScript functions**.
- Enhanced **front-end performance** and implemented **interactive UI elements**.

TECHNICAL SKILLS

Front-End Development

- ✓ React.js (Hooks, Context API, Redux)
- ✓ JavaScript (ES6+), TypeScript
- ✓ HTML5, CSS3, Tailwind CSS, Bootstrap
- ✓ REST API Integration (Axios, Fetch)
- ✓ jQuery (for legacy systems)

Back-End & Database

- ✓ .NET Core, C#
- ✓ SQL Server, Entity Framework
- ✓ Azure Functions, Azure App Services

Tools & DevOps

- ✓ Git, GitHub, Azure DevOps
- ✓ Docker, CI/CD Pipelines, JIRA

EDUCATION

🎓 **B.E. Electronics & Instrumentation Engineering** – Kamaraj College of Engineering & Technology (2013 - 2017)

CERTIFICATIONS & ACHIEVEMENTS

- 🏆 **Star of the Quarter** – Recognized for outstanding performance in Q3 2023
- 🏆 Received **highest performance rating in 2023** for front-end contributions

LANGUAGES

- English, Tamil, Sourashtra (Mother Tongue), Hindi
